Teebo spent over 9 months in a chaotic shelter. He's only 2 years old and needless to say he's a little skittish with all of the changes in his short life. He favors women over men - but it just takes a little more time for him to warm up to them.

Teebo is dog friendly and leash trained. Now he's at BBBR's Animal Care Facility and on the road to his new and better life in Idaho.

Teebo is ready for a family that will stick with him, be kind to him and love him! If that's you, scan the QR code on the upper left. For more information scan the QR code on the right.
