# Sam

Sam is an easy going, mellow love-muffin. He is good with other dogs and in off leash doggy playgroups and possibly cats. He is a little head-shy so older (12+), respectful children would be best. He knows basic commands and is leash trained.

Is he just what you're looking for? If so, scan the QR code on the left to submit a pre-adoption application or learn more about Sam by scanning the QR code on the right.
