

Meet NOVA

PAWS Graduate

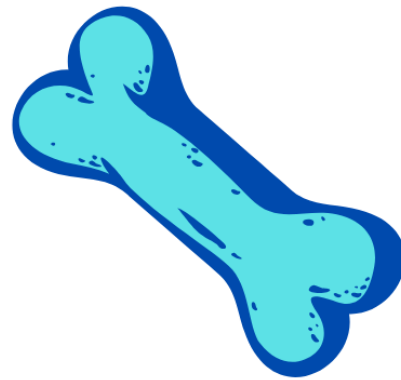

Nova is a sweet loving girl at her core, but the world around her can be very scary. Her short life has been spent living within the shelter system, which is a very chaotic place to grow up in. It is very apparent that she has had little to no exposure to the outside world. Until she attended the PAWS program she hadn't experienced confident leadership from anyone.

W O W F

Nova will need a confident person who will take the time to expose her to the world in a slow and controlled way to ensure her experiences are positive ones.
